

NHS England Primary Care Transformation Fund

New investment at our practice

The Partners at Peartree Medical Centre are delighted to inform patients that approval has been given for an extension to the Practice. The extension will give patients and staff at the Practice some much needed additional capacity by providing

TWO EXTRA CONSULTING ROOMS

AND A LOCKABLE CLINICAL WASTE STORE

The new extension is expected to be completed by late March 2017. We will try to keep any disruption to a minimum but kindly ask patients to bear with us while the changes are made.

The Transformation Fund is a four year programme to help general practice make improvements, including in premises and technology.
