Dear Sir/Madam

COVID-19 Statement from Normanton Ward Councillors

We are writing to you as Normanton ward councillors to express our concerns about the current situation in the ward. Please feel free to share the statement below far and wide within your social media and other networks so as we can demonstrate the united message for residents.

“It is with concern that we note the recent increase in COVID-19 cases in Normanton Ward. COVID-19 rates are rising in the city and faster in our city centre communities, and sadly, alongside this we are now seeing more serious outcomes.

We ask that all citizens do the right thing for Normanton, stay at home and only leave the house for essential reasons. We support our community, business and religious leaders in the actions they are taking to reduce opportunities for the virus to spread.

Anyone who develops any of the main COVID-19 symptoms (cough or fever or loss of or change to sense of taste or smell), must self-isolate immediately and call 119 to get a test appointment. If your result is positive, you and your household and any other close contacts must self-isolate for 10 days. This is important to stop the onward spread of the virus. There is financial support available for the isolation period if you are on a low income and cannot work from home. Please see the [Council website](#) or phone 01332 640 202 for information.

Remember, if you need medical advice call 111. Call 999 if you feel very unwell or think there is something seriously wrong.

If we all follow the regulations in all circumstances, work together and protect each other, we will see cases reduce in our community.”
